

2017 Non-financial Supporting Partner Package

If your organisation is interested in partnering with us to drive entries, via your own communication channels, social media and website, we can offer you the following package:

The NCSRA would provide the following benefits:

- Branding on the NCSRA website as a supporting partner
- Invitation of a senior colleague to be a Judge
- Social media engagement
- AAA delegate ticket to the full day event
- Inclusion in newsletter announcing your partnership and an opportunity to promote initiatives

These benefits would be offered in return for the following:

- Support Partner logo on your website
- Original tweets announcing the partnership and ongoing RTs/posts
- Engage and encourage your corporate partners/contacts to enter the Awards
- List information in relevant newsletters to corporate clients and Linked In page, confirming your support of the Awards
- Plus any other avenues you see fit to promote the Awards effectively within your organisation

Bonus Package

The NCSRA work with organisations that are 'raising their bar' and actively delivering a comprehensive CSR programme. We need help identifying these businesses and would value any input your organisation can give to help us lead us to an Awards sponsor ([download the Sponsorship Invitation](#)). In return, we will provide the following additional benefits if a sponsor is confirmed:

- Speaking opportunities within the seminar programme (if topics are relevant)
- Sponsorship of a relevant Award Category ([full category list](#))
- Presentation of that Award Category to the winner

If your organisation is interested in a similar partnership outlined, then please contact Karen on 01932 355900 or email: apply@nationalCSRawards.co.uk
